## MODEL 32-B

### RODGERS ORGAN COMPANY HILLSBORO, OREGON

## SPECIFICATIONS

With three 61-note overhanging and tilted organ keyboards and a 32-note concave and radiating pedal clavier, all console dimensions of the Rodgers 32-B comply with the standards set by the American Guild of Organists. The authentic classic design of the 32-B includes diapason, flute, string and reed choruses; independent Flute and String Celestes; Chiff; Carillon and Harp; Divided Expression; Great to Pedal, Swell to Pedal, and Swell to Great Couplers.

The Rodgers 32-B console equipment includes: locking roll-top and matching organ bench; 6-piston preset combination action, including the sforzando; and illumination for the music rack, stop-board, and pedal clavier. All the independent and individually tuned tone generators are contained in the organ console.

### TONE CABINETS

Two Rodgers Wide-Range Tone Cabinets make up the basic speaker complement for the 32-B. Each Wide-Range Tone Cabinet contains two 12" cone speakers, a mid-range horn-type speaker, and a tweeter, in addition to the crossover network and 50-watt all-transistor amplifier. Two controls in each tone cabinet make it possible to adjust the organ according to the acoustical characteristics of individual installations.

### DIMENSIONS

	Console	W-4-50
